 LinkedIn —  GitHub

Summary

Computer Science undergraduate with hands-on experience in AWS cloud, serverless architectures, and AI-powered applications. Skilled in building scalable cloud-integrated systems using AWS services such as S3, Lambda, DynamoDB, SNS, and API Gateway. Proficient in Java and Python with strong knowledge of REST APIs, distributed systems, and real-time monitoring solutions.

Technical Skills

Languages: Java, Python, C

Backend: Node.js, REST APIs, HTML, CSS, JavaScript

Cloud: AWS (EC2, S3, Lambda, DynamoDB, API Gateway, IAM, SNS, CloudWatch)

Concepts: Serverless, Microservices, Scalability, High Availability, Fault Tolerance, VPC, Load Balancing

Tools: Git, Docker (Basics), Kubernetes (Basics), Streamlit

Core: DSA, OOP, DBMS, OS

Projects

Smart Visitor & Threat Detection System

AWS, Flask

- Built scalable face recognition system using AWS Rekognition, Lambda, and S3
- Designed event-driven architecture with S3 triggers and DynamoDB
- Implemented real-time alerts using SNS
- Developed REST APIs using API Gateway and ensured high availability

Vision Guard AI – Helmet Detection & Monitoring System

YOLOv8, AWS, Streamlit

- Developed real-time helmet violation detection system using YOLOv8 and OpenCV
- Integrated AWS S3 cloud storage for storing captured violation evidence
- Implemented automatic email alerts and audio notifications for safety monitoring
- Built Streamlit dashboard for monitoring violation logs, timestamps, and captured images
- Designed modular architecture with detection, alerts, AWS integration, and dashboard modules

Internship

AWS Development Intern – Technical Hub

May 2025 – June 2025

- Developed serverless applications using AWS Lambda and API Gateway
- Built event-driven workflows with S3 and DynamoDB
- Used CloudWatch for monitoring and logging

Certifications

- AWS Certified Developer Associate (Amazon Web Services)
- RHCSA – Red Hat Certified System Administrator
- OCI AI Foundation Associate (Oracle Cloud Infrastructure) – 2025
- IT Specialist – HTML & CSS (Certiport)

Education

B.Tech in Computer Science and Engineering, Aditya College of Engineering And Technology

2023–2027

CGPA: 8.46

Intermediate (MPC), Sahasra Junior College

2021–2023 CGPA: 9.09/10

Achievements

LeetCode: 100+ problems Profile

CodeChef: 400+ problems Profile

HackerRank: 5 SQL & C Profile
